

# Save **5% - 70%** on Medical and Prescription Costs With Your **Free** Discount MedCard!

The ALMA MedCard is a discounted full cash payment option for underinsured and uninsured families priced out of the health insurance market. This is not health insurance.

The ALMA MedCard is provided at no cost, courtesy of ALMA and its member clinics, in association with PharmaStrategies.

The ALMA MedCard provides access to discounted prescription drugs, both brand-name and generic, at more than 58,000 participating pharmacies. (Save 10% - 65%)

You also acquire access to the ALMA healthcare services network comprised of physicians (family practice & specialists), Urgent Care, Chiropractic, Dental, Vision and ancillary care services. (Save 5% - 70% depending on service)

Access the Pharmacy Locator and Medication Pricing tools to find a pharmacy closest to you, as well as those that offer the lowest prices for your medication at [www.almahealthcare.com](http://www.almahealthcare.com). The ALMA MedCard Provider Directory is also listed.

There are no eligibility requirements, no application to complete, or expiration dates! All you need to access the prescription drugs benefit is an ALMA MedCard.
